BOMB NEAR THE U. S. EMBASSY IN PARIS

Dynamiter Is Seen in San Francisco

ARCH-FIEND IS RECOGNIZED; ESCAPES

E. H. Ingersoll Says Man Resembling Bryce Left His Wife's Apartments.

Police Search Neighborhood When Notified, But Search Proves in Vain.

Woman Denies Murderer Was Near Her Home and Brands Spouse's Story as False.

SAN FRANCISCO, Oct. 14.—A somewhat startling development in connection with the unearthing of the Los Angeles dynamite outrage occurred at 3 o'clock this morning when J. H. Ingersoll declared that he had seen a man closely resembling J. E. Bryce, believed to be one of the culprits, coming from his wife's home at 3555 A. Twenty-third street. The wife, Mrs. Lera Ingersoll, is the woman who conveyed the information to the police that she overheard the dynamiters laying their plans for the destruction of the plant of the Times.

SEARCH IS FUTURE.

As soon as the information was received by the police, the search was sent out from the Mission and Central stations, and a careful search made of the entire neighborhood, but no trace of the suspect was found.

Mrs. Ingersoll indignantly denied that she was visited by Bryce or anyone else and declares that her husband has been pestering her for some time past.

It was shortly before 3 a. m. that Ingersoll, who at present lives at 3555 A. and Geneva streets, approached Sergeant Lionel Shaw and told him that he was positive that he had seen a man leaving his wife's flat and that he bore a remarkable resemblance to Bryce.

FAIL TO GAIN ENTRANCE.

Taking Ingersoll with him, Shaw, with Policeman Hammond, proceeded to the house at 3555 A. Twenty-third street.

Automobile Burns Up And Threatens Plant

Machine Strikes Doorway and Feed Pipe Bursts Causing a Costly Fire.

A white touring automobile belonging to the United Fruit Works, bound for the Jefferson streets, was run into and destroyed by fire at 1230 o'clock today.

George E. Randolph, superintendent of the works, and E. Winslow, were returning from Alameda in the car and in going into the garage the automobile struck against the side of the door, breaking the feed pipe leading to the gas tank.

The gasoline spilled down into the pilot light, which caused the blaze.

The fire department was called and the blaze had been extinguished when the trucks arrived.

Aviator Attempting To Make New Record

Turpin Hopes to Establish New Long Distance Aerial Feat at Eastern Track.

ST. LOUIS, Oct. 14.—J. C. H. Turpin, of Dayton, Ohio, started for the American endurance record in the Kite, which aviation men call the "Kite," in his Wright biplane at 10 o'clock.

A. L. Welsh of Washington, D. C., made the record last Tuesday of 24 hours, 11 minutes and 53 seconds.

J. C. H. Turpin, who was out of the American endurance record, landed in the West End of Lincoln Field with his biplane at 2:55 this afternoon.

Uprising Threatened By Angry Thibetans

Dalai Lama's Abbot Arrested and Sentenced to Death; People Spirit Him Away.

LONDON, Oct. 14.—A news dispatch from Calcutta says that a system exists in Tibet. The Chinese authorities at Lhasa arrested the Dalai Lama's representative, an abbot, and sentenced him to be beheaded.

The people were so angry that they spirited away the abbot. He had been accused of sending supplies to the Dalai Lama at Darjeeling, British India.

BRITISH COAST STREWN WITH WRECKAGE

Hurricane Sweeps Seas Carrying Disaster to Shipping of All Nations.

Bodies of Five Seamen Picked Up; Many Vessels May Have Been Lost.

LONDON, Oct. 14.—The English coast is strewn with wreckage as the result of a storm that has continued for two days. The casualty list is a long one. The bodies of five seamen from the coasting steamer Cranford were picked up off Hartlepool today. It is believed the vessel which carried a crew of twenty foundered and that the men were attempting to reach shore in a small boat when they were lost.

Some of the wreckage coming ashore indicates that a sailing ship met a like fate. Lifeboats from many points were out all last night and in some instances effected rescues. In other cases they were unable to reach distressed craft.

Cuba Swept by Heavy Wind and Rainstorm

HAVANA, Oct. 14.—The full force of the storm, the approach of which was heralded yesterday, struck this city early today. The gale brought with it a deluge of rain. Most of the street lights were extinguished. The storm, after sweeping over the Isle of Pines yesterday, moved eastward and then skittered to the west, affecting chiefly Havana, Matanzas and Pinar del Rio provinces. It is feared the tobacco crop in Pinar.

Millionaire Art Dealers Are Arrested for Fraud

NEW YORK, Oct. 14.—Customs officials were engaged today in examining works of art displayed in the galleries of the Duveen Brothers, art dealers and auctioneers, two members of which firm, Henry J. Duveen and Benjamin Duveen, were arrested yesterday on a charge of defrauding the government out of customs duties by means of undervaluations which District Attorney Wise said would amount to many thousands of dollars.

The United States Government has warrants out for the remaining members of the firm, who have art galleries in 11 leading capitals of Europe.

Millions of dollars' worth of paintings and art works have been sold to millionaire art patrons in this country, and it was suggested today that the customs officials may invade these art collections and temporarily hold the masterpieces pending an adjudication of the alleged frauds.

District Attorney Wise said he believed that fraudulent valuations had been made systematically for years.

Benjamin J. Duveen, who was arrested at the Fifth Avenue Art Gallery yesterday, and Henry J. Duveen, who was arrested aboard the Lusitania last night, are out on bail.

Rescued Man Plunges Back Into Big Fire

SAN FRANCISCO, Oct. 14.—After having been rescued by firemen from a burning building which housed his cigar factory at 570 Hermann street, shortly after 4 o'clock this morning, Leo Guetz rushed back again into a rear room of the blazing structure in order to obtain two suit cases in which were contained some personal belongings, \$50 in cash and a quarter contraband consisting of a bottle, a quoniam and a number of screws.

Guetz claimed to have been in his invention and which was to be used in mining work.

The clear manufacturer was asleep when the fire broke out and was discovered by a passing policeman, who turned in a still alarm. When the firemen arrived they broke in and rescued Guetz from the midst of burning tobacco and its accompanying fumes. He broke away from them, however, plunged into the building followed by two firemen who thought him crazed. In securing his valuables he was badly burned, and is now in a serious condition.

Falls Nine Stories; May Survive Injuries

LOS ANGELES, Oct. 14.—Losing his hold while at work on the tenth floor of a new steel building at Sixth and Spring streets here today, Charles Umberger, a structural iron worker, tumbled off a projecting beam on the next floor and fell sheer nine stories through the air to the room of a one-story building adjoining.

He was still alive three hours after the accident, though he struck with such force that his feet and legs were driven through the brick boards and asphalt composing the roof.

He was rushed to the receiving hospital, where a hasty examination showed that he was suffering from fractures of the arms and legs and internal injuries, but his back was not broken, as at first feared, and surgeons say that he has a fighting chance for recovery.

Woman Cuts Windpipe; Science Saves Her Life

LOS ANGELES, Oct. 14.—Expert surgery saved the life of Mrs. Belle Turner of Peyton, Colo., today after she had completely severed her wind pipe with a pair of scissors. Mrs. Turner was a patient of seismologist, Mrs. Turner, who is married and the mother of four children, was found in bed at the home of her sister at 5124 North Hill street.

She was rushed to the Receiving Hospital. The surgeons performed the operation of tracheotomy, an incision of the wind pipe, and it is believed the woman will survive. Mrs. Turner, who is married and the mother of four children, was found in bed at the home of her sister at 5124 North Hill street.

ANARCHISTS LAY DEEP PLOT IN FRANCE

Hope to Precipitate Outbreak by Blowing Up Big Building at Capital

Backbone of Great Railroad Strike Appears to Be Already Broken

PARIS, Oct. 14.—A powerful bomb was discovered by the police today at the foot of a tree in Avenue Klobet, near the American embassy. The officers attribute the attempt to outrage to anarchists who sought to put new ginger into the apparently dying railroad strike.

The embassy is located at 18 Avenue Klobet. The missile was taken to a laboratory, where an examination showed it consisted of 300 grains of tefiddle powder and several iron bolts.

It was similar to the bomb exploded last midnight in front of the house at No. 6 Rue D. Berri, a few doors from the Champs Elysee.

TRAFFIC IMPROVED.

Traffic conditions were improved today. The western railroad is practically tied up. Only 3 per cent of the employees of the northern road failed to report to work this morning.

Provisions in sufficient supply for Paris are arriving.

Appalled by the riots of yesterday and overpowered by the determined stand and radical orders of Premier Briand, the rank and file of the strikers wavered today and, deserting the "syndicate," returned to work on the trains.

A fifth of the regular trains on the Western railroad and a fourth of those on the Northern were operated.

Gardener Indicted on Charge of Bribery

Former State Senator Accused of Crime in Connection with Race Tract Bills.

NEW YORK, Oct. 14.—Frank G. Gardner of Brooklyn, a former state senator who was arrested in Cranston, Pa., last night, charged with attempted bribery of Congressman Otto E. Peckler, also a former state senator, to vote against the anti-race tract bill in Albany in 1908, was indicted today by the New York county grand jury on a charge of attempt to bribe a public officer.

Chop Way Through Forest to Dead Men

Three Are Drowned in Cedar Tangle; National Guardsmen to Buy Them.

BAUDETT, Minn., Oct. 14.—A detail of 20 Minnesota National Guardsmen left Baudett early today to bury the bodies of Martin and Nels Klake and John Alverson, who died yesterday in a cedar tangle seven miles east of here.

All yesterday workmen were chopping a road through the forest, by which the bodies could be secured for burial.

Four Killed in Auto When Car Collides

Machine Is Struck by Speeding Vehicle and Autoists Are Hurled to Eternity.

CLEVELAND, Oct. 14.—Four persons were killed today when an automobile in which they were riding was struck by an interurban car near Sebring, Ohio.

Quiet Reigns in Spain on the Anniversary of Ferrer's Death

PRINCESS BRAGANZA, who was formerly Miss Anita Stewart, is the wife of the eldest son of the pretender. She was the stepdaughter of "Silent" Smith and inherited an immense fortune. Just previous to her marriage she was created an Austrian Princess in her own right. Her husband's grandfather was the second son of King John VI of Portugal and Charlotte, the infanta of Spain. She was therefore close to the throne of Portugal.

CANALEJAS IS HOPEFUL OF FUTURE

Premier Says Republicans Split and That Monarch Is Firmly Established.

England Denies Giving Official Recognition to New Government in Portugal.

MADRID, Oct. 14.—Largely attended meetings in memory of Francisco Ferrer, the alleged revolutionist who was shot by the government October 13, 1909, were held in this city yesterday and addresses made by republican and socialist deputies. The proceedings passed off quietly.

Free Thought Congress

BARCELONA, Spain, Oct. 14.—The International Free Thought congress opened peacefully yesterday but the police forbade a midnight reunion at which the leaders had planned to attack the government.

Canalejas Is Hopeful

PARIS, Oct. 14.—The Madrid correspondent of the Xatin sends his paper an interview with Premier Canalejas, in which the minister says there is no chance for a republic in Spain, as the republicans have no great leaders and their ranks are hopelessly divided. Moreover, the radical nature of his program, involving a struggle with the Vatican, the premier says, is disarming the republicans, as anti-clericalism is one of their strongest principles.

Republic Not Recognized

LONDON, Oct. 14.—There is no truth contained in last night's dispatch from Lisbon to a news agency here that Great Britain has recognized the republic of Portugal.

Preparing Manifesto

GIBRALTAR, Oct. 14.—King Manuel is engaged in the preparation of a manifesto for distribution to the press of Europe, setting forth his side concerning the revolution. The manifesto will not be published until after the king's arrival in England.

Blames His Ministers

LISBON, Oct. 14.—King Manuel, in a letter to a personal friend here, declares he was forced to leave his country because the ministers abandoned him.

The royalist officers, on the other hand, maintain that they were ready to continue the fight but that the king's rapid flight left nothing to fight for.

Doctor Accused of Neglecting Dying Wife

Granted Habeas Writ On Charge of Failing to Provide Her Medical Attention.

SAN FRANCISCO, Oct. 14.—Dr. Charles Martin of Fresno, accused of having negligently failed to provide proper medical attention for his dying wife, has been granted a writ of habeas corpus, returnable October 18, before the district court of appeals.

Eight Hurt When Car Leaps From Track

Broken Axle Cause of Bad Derailment in Ohio; Two Seriously Injured.

CANTON, O., Oct. 14.—A Northern Ohio traction car bound from Akron to Canton overturned at Uniontown, 15 miles north of here, early today. Two passengers sustained serious injuries. Six others were cut and bruised. A broken axle caused the derailment.

Four More Victims of Mine Disaster Found

Twenty-eight Bodies Still Missing as Result of Explosion at Starkville.

STARKVILLE, Colo., Oct. 14.—The bodies of four more victims of the Starkville mine explosion were brought to the surface early today. Twenty-eight are still missing.

MAN MURDERED AND THROWN IN LAKE

Body of Walter B. Coles Taken From Lake Michigan With Wounds on Head

CHICAGO, Oct. 14.—The body of Walter B. Coles, president of the Keefe-Coles Printing Company, was found in Lake Michigan today.

Coles disappeared two weeks ago and relatives had asked the police of all cities in the northwest to search for him, believing that he had been forcibly detained or had become mentally afflicted.

Several wounds on the head led the police to believe that Coles might have been murdered.

In his pockets were found a gold watch bearing his name and by which he was identified, a pearl-handled knife and 70 cents.

WASHINGTON, Oct. 14.—Claude Grahame-White, the English aviator, flew today from Benning race track to Washington, a distance of more than three miles, and made a successful landing in Executive avenue, between the White House and the State, War and Navy buildings.

The flight was made for the purpose of paying respects to General Allen, chief signal officer of the army.

Official business in the big government buildings was suspended in order to welcome the aviator.

Starbucks Put on Grill In Kenball Murder Case

SANTA ROSA, Oct. 14.—The Sonoma county grand jury is in session today, taking testimony bearing on the murder of the Kendalls on the Starbucks ranch at Cazadero last July, with the view of indicting Henry Yamaguchi, the Japanese who is suspected to have slain the family, charging him with murder.

It is believed that Yamaguchi has succeeded in escaping from the country and returned to Japan.

TO FACILITATE EXTRADITION.

District Attorney Lea wants an indictment found by the grand jury against the fugitive to facilitate his extradition should it prove that he has taken refuge in Japan or be later discovered that he is in some other foreign country.

This morning the grand jury took the testimony of Justice of the Peace F. D. Trooper and Donald McDaniel, both of Cazadero, and Daniel F. Lafferty, the undertaker who had charge of the bodies and the burial of the three victims of the crime.

STARBUCKS ON GRILL.

This afternoon Mr. and Mrs. Henry Starbucks, owners of the ranch of which the Kendalls were lessees, are being put through a searching examination. Mrs. Starbucks will be remembered, is the one to whom Yamaguchi confessed he had killed the Kendalls.

Although not admitted by the county officials, it is the general belief that Yamaguchi has been located outside of

Del Rio would be destroyed by the washing out of the sand beds.

The Del Rio observatory reported just before noon that the vortex of the storm was passing over Havana.

TORRENTS OF RAIN

The velocity of the wind did not increase materially during the day but rain fell in torrents. Traffic at the port ceased and business throughout the city was suspended. It is reported the storm devastated the town of Casilda on the south coast of Santa Clara province and that many persons were killed. It is reported also that the Isle of Pines suffered severely when the gale doubled on its track.

New from the interior is meagre as a consequence of the interruption of telegraphic communication.

Many Lives Lost

ST. PETERSBURG Oct. 14—A hurricane swept over the Eastern Coast of the Baltic Sea last night, causing many wreck and the loss of hundreds of lives among sailors.

The night lights of distressed vessels could be made out on the Baltic Sea last night, causing many wreck and the loss of hundreds of lives among sailors.

The tide today cast up quantities of wreckage including timber, naphtha cans and boxes of merchandise.

At Mitsu the wind tore down whole rows of houses and trees and telegraph wires.

ST. NAZARE, France, Oct. 14—The French steamer *Elle de Rochefort*, was wrecked off Normandy Island early today. The British steamer *Pave II* picked up the first and second mate, and the chief steward of the French craft, but the 23 others of her crew are supposed to have been lost. The wreck was in here tonight.

BREAD LINE FEASTS

NEW YORK, Oct. 14—An over supply of sandwiches which a Tammany delegation was unable to eat on a train returning from a political meeting upstate yesterday, supplied a feast for hungry patrons of the "Bread Line" with a welcome feast today. When Charles White, sergeant-at-arms of the state committee, found 2,500 substantial sandwiches left on his hands, he was at first puzzled as to how he should dispose of them. Then he happily hit upon the "Bread Line" scheme.

DENY WILD STORY ABOUT KENDALL

Oakland Police and Santa Rosa Officers Scout Latest Gossip.

(Continued from Page 1)

back, both being of the opinion that the letters were from some crank or are the result of a spitwork. Captain Petersen said this morning:

"The statement that we have information concerning the movements of Tom Kendall subsequent to the murder on the Kendall ranch is nonsense. If Tom Kendall is alive he is with his upper jaw. There is no question of that."

"Evidence at the request indicated that three persons had been murdered but absolute proof of this was not brought out, although it was a moral certainty. But it was definitely proved that one man was dead and that one man was Tom Kendall."

IDENTIFICATION ABSOLUTE.

The identification of the jawbone was authentic and unshakable. Dr. Charles D. Goodman, the Oakland dentist knew Tom Kendall personally as well as in his professional capacity. His chart of the teeth tallied exactly with the jawbone found in the debris and ashes at the Casadero ranch and making final the identification a tooth, extracted by Goodman and preserved by him because of a peculiarity in formation, fitted exactly in the cavity in the jawbone found on the ranch.

"This theory is nonsensical. It might be possible to theorize that Enoch Kendall, the father in a fit of rage, attacked his wife and that the son interfering, was killed also and that finally old Kendall, the bodies and has since returned to his hiding. But the theory of young Kendall being alive is sheer dreaming. There is, however, no reason to doubt that Yamaguchi is responsible for the triple murder."

New Theory Scouted By District Attorney

SANTA ROSA, Oct. 14—District Attorney Lea brands as ridiculous the story that "Tom Kendall murdered his father and mother and then fled to the Kendall ranch." The district attorney for the story that "Thomas Kendall killed his father and mother" said District Attorney Lea last night, when informed of such a rumor having been given publicity by a local newspaper. "Dr. Goodman of Oakland who did dental work for Tom Kendall, positively identified the jawbone found on the Kendall ranch from the teeth and the dental work done thereon as that of the jawbone of Tom Kendall and he likewise is positive that the dental work was done by him at his office in Oakland."

The story that Mrs. Starbuck would produce letters before the grand jury showing that Tom Kendall was alive after the date of the murder of the family evidently grew out of the fact that a neighbor of the Kendalls had written to Mrs. Starbuck stating that she had seen Kendall driving stock off the place and the letter was received several days after the date of the murder. The stock driving incident occurred prior to that time."

MYSTERY SURROUNDS POISONING OF WOMAN

NEW YORK, Oct. 14—Whether a woman in the prison ward at Bellevue Hospital charged with attempted suicide is Mrs. Frances Wright of Pasadena, Cal. or one masquerading under that name is a question that is keeping police wires hot from New York and the coast city warm. She was found unconscious in a furnished room at the West of Mrs. Elizabeth A. Rivette, 117 West Forty-third street.

Dr. Knapp of Flower Hospital who responded to an ambulance call said the woman was suffering from chloral poisoning. An open gas jet in the room, even though the windows were open, had poured enough poisonous fumes into the room to almost cause death. She had not recovered sufficiently last night to explain the happening and is still in a serious condition.

FORTY-TWO INJURED IN FRISCO TRAIN WRECK

FORT SMITH, Ark., Oct. 14—Although no one was killed in the wreck of passenger train No. 5 on the St. Louis & San Francisco railroad yesterday, it was learned today that the exact number of injured was forty-two.

and morality," said Rev. Goodspeed. "I hated to visit this council for I hate to see men who are supposed to be honest and upright cringing under the truth as I saw them last night."

"Case after case was brought to the attention of the council last evening where young girls had been ruined by the state of the restaurants of the city and many of the most prominent people of this city were present to ask that this evil be wiped out. Some of the members of the council I saw say to me, 'I am sorry you are not open for conviction and did everything they could to side step the issue.'"

RESIDENTS' WISHES IGNORED

"Petitions were presented to the council signed by many of the property owners in the districts in which they lived asking that saloons be removed from moving into their neighborhood. These petitions were turned down because some of the members of the council had made promises before the petition was presented."

"I have presented the case to the Purty Congress which is now a session in San Francisco and hope that they will take some action in the matter. I also believe that this society could do much and would suggest a resolution condemning this evil which exists in our very midst."

CONVENTION CALLED TO ORDER.

The convention was called to order by the state secretary Mrs. Matilda Brown and many delegates from all parts of the state responded to their names.

In opening the convention, Mrs. Brown welcomed the delegates and expressed the work of the association in the past year and especially with the work of the members in peddling \$100,000 for the Home for Incurables. A whole amount has not as yet been raised. The report showed that they had more than \$22,000 in cash and pledges amounting to more than \$60,000.

Welching Insurance Companies Lose Suit

SAN FRANCISCO, Oct. 14—After an hour all-night session in the United States circuit court the jury considering the last of 1908 fire insurance cases against the Welching companies reached a verdict at 7 o'clock this morning. 40 hours the jurors argued with A. H. Shaw of 2140 Adeline street, and vocal solo Mrs. Herbert M. Lee, scriptures recitation and singing. Chinese girls Methodist Mission report of the building fund campaign for "The Kings Daughters." California Home, 1000 Broadway, offering address Mrs. G. H. Libby, first vice-president, International Order hymn. All Hail the Power of Jesus name, benediction.

This morning the final verdict was reached in favor of A. H. Shaw & Co. against the Commercial Assurance Company and the Alliance Assurance Company but the obstinate juror who was charged with incompetency by Dr. E. H. Hoffman before Judge Van Fleet could not be won over. The remaining plaintiff until another right of wrangling had passed.

NEW GLEW SECURED TO DYNAMITE FIENDS

Ingersoll Says He Saw Man Answering Bryce's Description Leave House.

Detectives Still Fail to Gain Definite Information Regarding Murderers.

street and endeavored to gain entrance. Repeated ringing of the bell and rapping on the panel of the door failed to bring any response and, stationing Hammond on the premises, Shaw took Ingersoll to the Mission station where he repeated his story to the lieutenant in charge.

The officers on station duty were then sent out and taking Ingersoll with him on more Shaw continued a search of the neighborhood.

BRANDS STORY FALSE

About 5 o'clock Hammond succeeded in gaining entrance to the Twentieth street flat, and Mrs. Ingersoll explained that she had not opened the door because she believed it was her husband. She said he had been answering her all evening, and she denied absolutely that there was any truth in the report that a man had left her flat.

The detective department, however, is not taking any chances and a close watch has been kept all over the city to prevent Bryce from leaving town, if indeed he is here.

Dynamiter 'Smithy's' Lodging Place Found

The search for the wreckers of the Los Angeles Times building has been transferred from the southern California city to the San Francisco bay region since the discovery was made that J. B. Bryce one of the trio who obtained 500 pounds of dynamite at Grant had occupied a room in the early part of September in the lodging house of Mrs. D. H. Ingersoll, 3566A Twentieth street, in San Francisco.

Yesterday it was brought to light that while Bryce was staying at the Ingersoll house, A. F. Forster, alias Smithy, one of his confederates, was a lodger at 2410 Mission street, a lodging house kept by Mrs. J. B. Lavin. Both of the lodging house keepers were closely questioned by Chief of Police Seymour and Detectives Michael V. Burke, William J. Burns and S. L. Browne.

CHANGE PLAN OF SEARCH.

The nature of the information gained from the women is carefully guarded but it has caused the deaths to change their whole plan of search, which means an abandonment of the effort to trace the mysterious power schooner Kate, on the assumption that the fugitives are not on board but are concealed somewhere in the neighborhood of the bay.

During the day the rooms occupied by Bryce and Perry in the Twentieth and Mission streets lodging houses were ransacked for signs of their effects.

MAY IDENTIFY LAUNDRY

A bundle of laundry left at the Ingersoll house for Bryce is in the possession of the San Francisco police and it is expected that the laundry marks on the clothing will facilitate the work of getting at his real name.

At a local warehouse a trunk has been discovered belonging to Bryce who put it here in storage several weeks ago. The contents of this trunk are also expected to furnish important information which will aid in the detection of Bryce.

The two lodging houses where the conspirators stayed and a young woman to whom one of them is known to have been attached are now kept under close surveillance by the detectives.

The Mission district is being carefully combed for additional information which may be of value in tracing the dynamiters.

Plotter Telephoned to House Last Sunday

SAN FRANCISCO, Oct. 14—Following the lead of the evidence given by Mrs. Ingersoll of 3566A Twentieth street, Chief of Police Seymour and Detective William J. Burns are believed to be close on the trail of the suspected dynamiters of the Los Angeles Times building and their arrest is considered merely a matter of time.

J. B. Bryce, the chief of the supposed conspirators, who made a head-quarters at Mrs. Ingersoll's house while he planned and carried out the purchase of the dynamite from the Giant Powder Company is known to have been in the city last Sunday when he telephoned to Mrs. Ingersoll. He is now thought to be hiding somewhere near here.

More concrete and conclusive evidence in the hands of the detectives has renewed the efforts to locate the schooner "Kate," whose connection with the dynamiting outrage has yet to be explained.

The suit case with the name of "Morris" on it was left in the saloon by a strange man and went unclaimed for about a week and a half. Finally the saloonman notified Policeman Kelleher on the beat and that officer took it in charge. What ever clue it may have revealed is being kept closely guarded by the detectives working on the case.

Another witness brought into the case today, who is thought to know something of the actions of the dynamite plotters is Mrs. George R. Tibbitts of 874A Valencia street. She has been intimate with Mrs. Ingersoll and is said to have associated with her while Bryce was a lodger at the Twentieth street house. Mrs. Tibbitts however denies that she knew Bryce or Morris at all.

building and extending sympathy to the owner General Harrison Gray Otis, were adopted unanimously yesterday by the board of directors of the National Association of Manufacturers. The resolution in part follows:

"This board recognizes his act of destruction of life and property as in line with the general policy of criminalism as exemplified by insurmountable cases of re-plotting to the use of dynamite to enforce the doctrine of rule or ruin and that it places the responsibility therefore not alone upon the human tools who actually perpetrated the crime but, in due proportion upon those who in any manner foster an organization whose line of conduct leads to such results."

A telegram of condolence was sent to General Otis saving among other things: "While dynamite has destroyed your property, it is the belief of this board that it cannot destroy the spirit of patriotism that has caused you to make the gallant fight you have made for the preservation of natural as well as constitutional freedom in commerce and industry reward for which will be exemplified in the sounding of your praises for generations to come."

Direct Primary Bill Passed in Colorado

DENVER, Oct. 14—Both houses of the Colorado legislature passed the direct primary bill today as an amended in committee and the bill now goes to the governor for his signature. It carries a modified convention clause, all candidates in the assembly receiving 10 per cent of the vote to have their names go on the ticket.

BOYS AND GIRLS

AMATEUR
ATHLETICSPREDICT SUCCESS
IN RUGBY
SEASONCaptain Holden Declares Oak-
land High Team Is in
Good Shape.

Despite the fact that the Lowell High School boys defeated the Oakland High School team by a score of 6 to 3, at the last game of Rugby held between the two schools in San Francisco, Kink Holden, captain of the Oakland High School team, declares that his team did excellent work considering that the boys had a very short time to prepare for the game and he assures the students that the team will be in fine shape by the end of the term.

The boys will practice as a whole from the start when the season opens next term. By this means Captain Holden says, all the time and trouble of trying out new players next term will thus be dispensed with.

The new men out for the team are Harry Ames, John Williams, Horner Hosen, Ray Wilson and Mr. Bergant.

The managers of the team also announce that all new men must be absolutely amateurs.

Pittsburg School
Boys Go on Strike

PITTSBURG, Pa., Oct. 14.—School boys who enlisted to help Forester James L. Grimes rid the city's trees of the destructive caterpillars went on strike for more money. Mr. Grimes held out against the demands until he began to worry over the inroads of the insect and estimated that the caterpillars would cost the city \$100,000. The school boys, who were paid \$100 a week, refused to work for less than \$200 a week. The school board has agreed to pay the boys \$200 a week, but the boys are still on strike. The school board has agreed to pay the boys \$200 a week, but the boys are still on strike.

for whom is predicted a
brilliant career.

Miss Stella Rucker, a junior in the Oakland High School, is preparing for a musical career in which her friends predict a brilliant success.

The sweet singer has not as yet appeared in public and her school-mates are anxiously awaiting her initial appearance. She has no aspirations to appear in the limelight despite the fact that she has histrionic ability.

SCHOOL ATHLETES
TO COMPETE
IN WATERChampion Swimmers Will Seek
Aquatic Honors in
Big Tank.

Champion swimmers of the high schools of the Bay Counties Athletic League will compete for honors tonight in Piedmont tanks, where the representatives of all the student athletic societies of Alameda county will witness the swimming meet. Rovers will cheer their fellow students as they enter the water, and the evening promises to be enjoyable for the spectators.

The Manual Training and Commercial High School will be represented by the following: Alexander Young, 50-yard dash; Robert Hampton, 100-yard dash; Frank Andrews, 220-yard dash; Robert Hampton, 440-yard dash; Frank Andrews, 880-yard dash; Alfred Peterson, Richard Young, Frank Andrews, Robert Hampton, Alexander Young and Mr. Hight, relay race.

Edward Kille and Peter will swim for the John G. Fremont High school.

The Oakland High School team will be Joseph Hook, half-mile race; James Todd, 100-yard dash; Harold Samuels, 50-yard dash; Sumner Cahill, Mitchell, Jupper and J. Samuels, relay races.

CONFERENCE OVER
REDUCED VOLTAGEOakland Gas Company Agrees
to Change as Proposed by
City Electrician.

The proposed ordinance reducing the voltage of all electric light lines within the city limits to 110 volts came up before the ordinance and judiciary committee of the city council last night. City Electrician George Babcock was there in the interest of the city and stated that the Oakland Gas and Heat company had agreed to reduce the voltage on its lines provided that the Suburban Electric company would do the same.

William Angus, president of the latter company, stated that it would be impossible for his company to change the voltage without re-constructing the entire system. The matter was laid over to allow the city engineer and officer of the two companies to get together.

Angus explained that his company had about forty-five miles of electric line running through a sparsely settled district and if the company were compelled to rebuild these lines it could not receive income enough from the lines to make the proposition pay. The city engineer suggested that these changes be made gradually and that the company be given a year in which to make the change.

Angus also appeared before the committee and asked that an ordinance be passed establishing a sliding scale for power and light company licenses. He said that his company could not afford to pay \$200 a year, the price now in effect.

AMERICAN POTATOES
ADMITTED IN FRANCE

PARIS, Oct. 14.—The French Government has decided to admit American potatoes, which have been barred out of France since 1875 on the ground that they were infected with a disease dangerous to French potatoes. The French potato crop this year is poor.

URGES 3 YEARS
OF MANUAL
TRAININGIrvin D. Martin Would Adopt
Plan in Vogue in
Berkeley.

Six years of work for elementary schooling and three years for manual training has been advocated by Irvin D. Martin, principal of the Sweet school in the board of education. The plan recommended by Principal Martin is in vogue in the schools of Berkeley and is very successful.

"We have been too slow in taking up manual training in our schools," said Martin in a recent interview with a TRIBUNE reporter. "I have long advocated that the seventh, eighth and ninth grades be for intermediate or introductory high school. This would change the character of the work in the grammar school and would fit pupils better for high school, when they reach it. This method is not only working well in the schools of Berkeley but has been in use in the Central and Eastern states for 25 years."

"I earnestly trust that the method will be introduced in the schools of this city."

This School Rivals
That of Dickens'

"CHICAGO, Oct. 14.—Through the raiding of a so-called military school near Joliet, Ill., when nine boys were rescued from what are alleged to have been conditions rivaling that of Dotheboys Hall, made famous by Dickens, a boy who believed his parents dead and whose mother believed him dead were brought together here today.

The boy is Charles Maloney, 16 years old. He disappeared after the death of his father ten years ago, and his mother thought he had been kidnapped by relatives and later gave him up for dead. She was married three years ago to L. C. Bother of Chicago. Following the raid, the mother saw the boy's name among those rescued, but did not recognize the lad whom she remembered as a boy. It was necessary to point her son out to her.

The school was conducted by Jas. C. Campbell at Riverside. The raid on the place was made by Jerry McCarthy, state officer for the Illinois Humane Society, to which complaints of the conditions at the school had been made.

"Campbell," I am informed, received \$20 each for each of the boys and the course of instruction," said McCarthy. "The relatives, I have learned, who put up the money, believed the lads were well cared for."

At 12 She Enters
Missouri University

COLUMBIA, Mo., Oct. 14.—Thelma Welch Redman, 12 years old, is the youngest student in the University of Missouri preparatory school. She entered the school at the opening of this semester. Even at 12, the child is a scholar. Thelma is taking second-year German. For the last two years she attended a German school in San Antonio, Tex. Thelma will become a member of the German Club of the University of Missouri, which is now being organized. She is the daughter of J. B. Redman, a traveling salesman of 3885 Warwick boulevard, Kansas City, and was born in Carrollton, Mo. Her father is a native of Mrs. O. E. Egbert, 3885 Warwick boulevard.

While attending the university preparatory school, Thelma makes her home with her aunt, Mrs. Nannie Todd, in Columbia.

Youths of Lincoln
School in Parade

The military tactics of the boys of the Lincoln school were displayed this afternoon in the marching contest between the youths of all the classes of the school, who marched before three Grand Army veterans, W. C. Alberger, J. W. Wilber and Henry C. Crow, who acted as judges. There were about fifteen companies consisting of about 16 boys in each squad. For the past few weeks the captains have been drilling the soldiers industriously and they exemplified their efficiency in the contest this afternoon. It was witnessed by the members of the faculty of the school as well as the student body.

Inspired View of Uncle Joe.

The Red Mahatma of Edendale—which the vulgar and irreverent call Uncle Joe Cannon—has had another inspiration. He now sees Uncle Joe Cannon in a milder and more beneficent, if not beatified, light. He acknowledges that the Red Sinner of Danville is not a together bad; that he possesses some robust virtues, and has not grown rich by plundering his neighbors' henroosts. He even admits that the Bad Old Man of Congress possesses uncommon ability and force of character, and is neither a straddler nor a trimmer. But let us hear what the Red Mahatma has to say in his own words, or rather his newspaper, the San Jose Mercury:

"Undoubtedly Cannon is a man of uncommon ability and force or he never could have reached the place of prominence and power he has been holding in recent years. No weak, timid or faltering man; no trimmer or straddler, could ever have played the role he has been playing in Congress and before the country for some years now. He is a resourceful, aggressive and effective man. He can do things, and do them with ability and despatch.

"We believe that he has never been accused of anything crooked or dishonest in matters of money. He has a large private fortune, but it was not accumulated by means of politics. So far as we know, his bitterest foe has never charged him with enriching himself by grafting, or booting, or by buying votes or selling offices for money. No doubt he has been in a great many political trades where a valuable consideration was used as an inducement, but it has been office, help, influence and the like; probably never money. No great political organization like that of which he has been the head can ever be framed and made effective on any other terms. There must be a quid pro quo; something must be exchanged. And it might not be very easy to point out the precise difference in morals between buying votes with money and buying them with the promise of office or place."

Ordinarily this would be taken to describe a man worthy of respect and confidence, and the Red Mahatma evidently thinks so, too; but he finds that Uncle Joe stands for some vague horror which he calls "Cannonism." It is this fearful political nightmare that the Red Mahatma, after communing with the spirits of Edendale, feels it his pious duty to exorcise and banish to the grim abode of Eblis. We gather from his rhapsody that the system of rendering loyal service in politics to those who render it to you or the party to which you belong—in other words, being true to your friends and your party—constitutes the political blight of Cannonism. The Red Mahatma has never been guilty of the offense, and therefore regards it as reprehensible in others. Still he has more complimentary things to say of Uncle Joe. We quote:

"In another respect we think that the common impression of this man is a mistaken one. 'Uncle Joe' does not affect the dress and airs of a dandy, nor is he noted for the elegant manners and fine polish of a born courtier. Far from it. At the same time he is not the slovenly, unwashed and rudely profane old rowdy or ruffian of the cartoons and comic papers. No such man could by any possibility have made the record he has made. Eighteen times he has been sent to Congress by one of the best districts in Illinois, and he is now serving his fourth term as Speaker of the House. Only once before in the history of the American Congress has one man been elected Speaker four times consecutively. Andrew Stevenson was Speaker of four Congresses, beginning with 1827. Henry Clay was four times Speaker, but not in successive terms. This means something."

Indeed it does mean something. We are glad that it means something in the occult and mystic precincts of Edendale. It gives us joy to learn that it means something so sublimated and rarefied a person as the Red Mahatma. Nevertheless he recognizes that this honest, able, sincere and loyal man typifies a corrupt system, which the Red Mahatma gives thanks is passing. He says, with an air of thankfulness:

"This means the passing from prominence and power of statesmen of the type of Mr. Cannon. They are too old and too set in their ways to adjust themselves to the new conditions that have come of late, and now nothing is left them but to pass into retirement, or at least into eclipse."

Great is Humboldt and mighty are the apostles of Guff! The Red Mahatma never gave post offices and other political jobs to his political supporters. Oh, no, that would be Cannonism. He has never distributed the leaves and fishes of office among his faithful adherents. Not on your life; he is too good, for that. He has never been true to his friends and his party, not by a jugful. Such a course of conduct would have been profane and indecent, and entirely unbecoming a man who dwells in constant communion with the heavenly choir. But we would give a week's salary to hear Uncle Joe's unpurged idyll of Edendale and its prophet. We'll give odds that it would light up the country like the pillar of fire that led Israel in the desert. But the Red Mahatma is surely a wonder—a holy terror.

"Why should I not be elected Governor?" asks Theodore Bell. Chiefly because he is a Democrat. California is a Republican State, and has always fared better under Republican than under Democratic rule. There is no difference in the attitude of Mr. Johnson and Mr. Bell toward the humbug railroad issue, and hence there is no preference on that score. But in all else the choice lies with the Republican ticket. And as before stated the majority of Californians are Republicans. There is no reason why they should forsake their ticket.

When in doubt vote the Republican ticket. That is the only safe policy.

Complaint is made that Hon. Nicholas Longworth of Cincinnati, Son-in-law Extraordinary to his majesty Teddy the First, is sending out to the voters of his district, under his Congressional frank, cookbooks printed at the government printing office. That is better than sending out copies of the speeches he delivered in Congress. The cookbooks probably contain some useful information, and it costs no more to print them than to print Mr. Longworth's speeches.

"THE AIM OF EDUCATION"

By REV. T. L. GOODSPEED,
Pastor, First Presbyterian Church.

II Tim. I. 7: "The spirit of power, and love, and discipline."

The aim of all education is to make the student master of himself. We talk much of culture. What is culture? Is it not this, the perfect mastery of all one's powers, the perfect control and use of all one's faculties? Culture is you taking possession of yourself. Our accomplishments must grow into us and become part and parcel of us. Education is reality. It is a call to life. It is a summons to virtue and conscience. It makes a man so rich that it makes him willing to be poor and patient. Because more noble souls have perished from luxury than from hunger. True education has power to breed better thoughts, to lift us above ourselves, power to help us control our selves and master our circumstances. It enriches and expands, chastens and nourishes, produces an intellectual climate, makes one a citizen of the commonwealth of intelligence. Learning is not a staff by which a man climbs above his fellows, but a torch by which he lights the way for his less fortunate fellows. It is not a negative thing or a critical thing at all, but positive, constructive, helpful. The royal souls are the generous souls.

Myself and thy belongings
Are not thine own so proper, as to waste
Thyself upon the virtues, when on thee
Heaven's darts with us as we with
torment do.
Not light them for ourselves, for if our
Virtues
Do not go forth of us, 'twere all alike
As if we had them not. Spirits are
Not finely touched, to see no music.
To be thus is opportunity. Noblesse
Oblige. 'Tis not to be dejected
Or executed. If this age is to be true to
its vast claims, if the shadows are to
fly away, if falsehood is to die, then
our young men and women must bear the
challenge of the times and bear on their
brow and deep within the heart, the motto
of the German Emperor, "Ich dien." I serve.
God can never use a cynic who snails, or a pessimist
who hopes for the worst, or a sadist
who sneers in bitter irony. Leaders
are always great believers. Doubt
weakens. Faith is the victory for those
who would help. The generation that
would work constructively toward the
far-off divine event to which the whole
creation moves. This is the difference
between the prophet and the clown.
It is the difference of outlook. The great-
est of earth are seers. They take time
to think. Even Sir Galahad must have

Not light them for ourselves, for if our
Virtues
Do not go forth of us, 'twere all alike
As if we had them not. Spirits are
Not finely touched, to see no music.
To be thus is opportunity. Noblesse
Oblige. 'Tis not to be dejected
Or executed. If this age is to be true to
its vast claims, if the shadows are to
fly away, if falsehood is to die, then
our young men and women must bear the
challenge of the times and bear on their
brow and deep within the heart, the motto
of the German Emperor, "Ich dien." I serve.
God can never use a cynic who snails, or a pessimist

\$15

For Fall Suits and Overcoats—All Wool Fabrics—Serge Lined—Hand-Tailored—Must Wear Well or Money Back

GARMENTS such as these represent more quality than usually offered in twenty-dollar suits. The materials are all wool fancy mixtures, carefully and thoroughly pre-shrunk—the colorings run the scale from soft, conservative tones of brown and gray to the more brilliant shadings and dashing patterns.

Style and drape are permanent qualities; they're modeled in the cutting and building, not just pressed into shape with an iron. The linings are of serge—the button holes stitched in by hand and the trimmings of the best materials. A variety of models permit the widest play of individual taste in making selections—careful attention to alterations and our absolute guarantee as to the permanency of the qualities of these garments make them doubly desirable values.

Satisfactory or Money Back

Twenty Years Ago Today

The citizens of Oakland have prepared a very enthusiastic reception to Joseph McKenna, their representative in Congress, and will show their appreciation of him at a meeting to be held this evening in the Oakland Theater, the only hall in the city large enough to accommodate the throng which is expected to attend. The citizens will also welcome the Congressman back from his services at the national capital.

The Republican Alliance is the mainstay of the party in this county. The Alliance frequently and is doing a great deal of work for the Republican ticket in more ways than one. It is the only uniform club in the county and the only one in the state that is doing work this year.

At a meeting in Temescal last night at which the state Republican ticket was named, F. A. Campbell made a happy speech on the state ticket, and A. L. Park was equally entertaining in speaking on the national issues of the campaign.

There will be a Republican meeting in Hayward tomorrow night at which there will be speeches delivered by Congressman McKenna, A. A. Moore and William Shuman, who is a candidate for the position of state senator. The Republican Alliance will take part in the procession which is to precede the meeting.

The Democratic party has finally endorsed the candidacy of Charles C. Bell, the American party candidate for the Assembly in the Fifty-fifth district.

Among the speakers at the meetings in the revised list decided upon by the Democratic County Central Committee, which are to be held in the various parts of the county, are E. McFadden, John R. Greenock, R. M. Fitzgerald, J. H. Simmons, John P. Irish, E. B. Pond, Dennis Spencer, W. W. Poole, Thomas Johnson, George Lindley, J. E. McElrath, Prof. A. Parker, Stephen M. White and E. J. Rogers.

It is understood that the East Oakland News, J. D. Naiman editor, has been bought by the Democratic managers to be used as a campaign sheet.

Five fire alarms have been sent in to the department from the Sweet school. Investigation shows that the alarms were sent in by a lad only 10 years of age, who also that, in each case, the fire which the alarms responded to, extinguished were started by the lad who sent in the alarm. The name of the boy is withheld from publication because the school directors do not wish to do anything to hasten the lad's future, but it is understood that he will not be permitted any longer to remain connected with the school.

Rosenberg & Co., jobbers, commenced business almost immediately after the fire, but recently, owing to unsatisfactory business, this San Francisco firm decided to discontinue. Hale's made an offer to take over the entire stock of merchandise at a price which now enables us to offer all of Rosenberg's lines at a price that saves you 50c on every dollar of the usual retail price. We prepared generously for these October Trade Sales and when we offer the Rosenberg stock in addition we realize that we are offering one of the greatest trade opportunities for our patrons in the history of the trade sales.

You have the Hale Trade Sale stock to choose from. You have the additional variety found in the Rosenberg stock. The latter you get at about 50c on a dollar of the usual retail price.

Tomorrow will be a big business day, and when Saturday's customers have told about it, Monday will be bigger still. From tomorrow morning until the following Saturday night, Hale's Oakland Store intends to break business records. We have the goods to do the business.

WOULD PUT AGED WOMAN IN HOME

Judge Is Surprised When Entrance Fee of \$2000 Is Asked.

SAN FRANCISCO, Oct. 14.—Superior Judge Morgan yesterday took occasion to indicate his disapproval of the situation in this city, rendering it necessary for a poor and aged woman to pay \$2000 in order to enter one of the old people's homes. He had just refused a divorce to Elizabeth Sedgwick, aged 76, from her husband, Michael. The chief

complaint of the old lady was that her spouse did not sufficiently attend to her wants and she herself was too feeble to wait upon herself. The court suggested that she be placed in a home and was surprised to learn how much money was necessary. The matter was continued in order to determine whether Sedgwick's property can be sold so as to provide the necessary funds.

\$1274.59 LIABILITIES.

LUMMIS REFUSES TO FIGHT WOMAN

Author Makes General Denial of Wife's Allegations, But No More.

LOS ANGELES, Oct. 14.—Charles F. Lummis, author, scientist and former city librarian, made a general denial today of the allegations of his wife, who is in San Francisco preparing to apply for a divorce. But Lummis' denial is general and not specific. He positively refuses to enter into any controversy or discussion of the troubles that have

caused the separation, but intimates that at some later time he may make a formal statement.

Lummis held a conference with his attorneys yesterday morning. "I do not favor attacking a woman," said Lummis tonight to a correspondent, "and in a case like this it is better, perhaps, too, for the man to keep silent, however unjustly he may be accused."

Friends of Lummis say that he may be accused.

Friends of Lummis say that his present wife was the sole inspiration for the work which has made him an authority on the history of early America.

The first Mrs. Lummis and her husband were always great chums," said a close friend of the family tonight. "Before the second marriage he already had become famous."

"At that time he ranked high in the literary world. My understanding is that Lummis' second wife was introduced to him by his first wife, and that the three always have been the best of friends."

CHICO AVIATORS TO SEEK PRIZE

Two Mechanics Build Aeroplane to Fly Across Continent.

CHICO, Oct. 14.—Archie Collins and Harry Tarken, two young Chico mechanics, have announced that they intend to compete for the \$50,000 prize offered by William Randolph Hearst to the first aviator making a flight across the American continent. They are now building the machine upon which their hopes hang. It is almost ready for a

trial flight. It follows exactly the specifications of the Bleriot, monoplanes, and while the main body is home made, the engine and other mechanical parts, including the propeller, were bought from Eastern manufacturers.

The monoplane measures thirty feet in length by twenty-four in width. It is equipped with a Holmes engine of the revolving cylinder type, the seven cylinders revolving around the crank case.

Collins started work on the monoplane a year ago, putting in his time evenings. Both Collins and Tarken have devoted months of study to the problem of aerial flight. Each is an expert mechanic. They say that after a little practice they will be able to fly with the best of the professionals.

SWIFT REFUSED DECREE ON CRUELTY GROUNDS

SAN FRANCISCO, Oct. 14.—That "torrid fruit" is driven for by humanity, and that men are prone to do something when they are told that they must not, was the gist of an opinion handed down in a decision by Superior Judge Sturtevant yesterday when he refused a divorce to Eugene L. Swift, who had brought suit against his wife, Olga B. Swift.

The court did not hold that there were grounds for divorce, but that cruelty had not been proven. It appears that Swift had told his wife that she must not go out with other men, and that she had transgressed in the extent of riding with Louis Kraker and George T. Ross.

SON GIVES LIE TO FATHER'S PROTEST

Swears That He Was Not Sold Liquor and Saloon Owner Wins Case.

Contradictory affidavits sworn to by father and son formed the bone of contention in considering the protest against the transfer of location of the saloon of A. C. Jacobson from Fruitvale avenue to 3235 East Fourteenth street in Fruitvale before the license committee of the City Council last night.

W. Vogel, senior, alleged in his affidavit that Jacobson had given his son, a minor, liquor. Vogel, Jr., declared in his affidavit that he was 23 years of age, that he did not drink and that the liquor given him was merely an art bottle of liquor which had been given him as a souvenir.

Phil Walsh represented Jacobson and the following appeared as protestants: Rev. J. L. Palmer, pastor of the Congregational Church; John A. Jones, Mrs. A. Dickson, Mrs. Weatherbee, T. McDermott, N. Carson.

The committee overruled the protest as the nearest was for a change of location within a business and not a residential district.

Other licenses recommended were as follows: Transfers—Freeburn Dyson, successor to J. McVey, 800 San Pablo avenue, saloon; A. Spritzer and Wm. Drunk, successors to D. Delmann, 1010 Washington street, saloon.

Transfer of location—Wm. Sullivan, from 601 Webster street to southwest corner of Sixth and Franklin streets, cafe and saloon; J. P. Tietz from East Fourteenth between Rose and Mary streets to southeast corner of East Fourteenth street, wholesale and retail liquor store; A. C. Jacobson, 3235 East Fourteenth street, saloon.

SALESMAN IDENTIFIES ENTRIES IN CASH BOOK

W. J. McElroy, a salesman for the Swift Flour company, was on the stand this morning during the trial of Leslie L. Bernard accused of embezzling a large sum of money from the company. McElroy's testimony consisted mostly of identifying certain entries in the cash book.

Philip M. Knapp, another employee of the company, followed McElroy on the stand. His testimony was along the same lines.

ACUTE PAINS IN THE BACK

CAUSED BY RHEUMATIC POISON AFFECTING THE MUSCLES.

Lumbago is a Form of Muscular Rheumatism and is Readily Cured by the Treatment Which is Conquering Rheumatism Everywhere.

Although lumbago occurs in almost any walk of life it is chiefly a disease of working men among whom it numbers thousands of victims. As its attacks recur frequently and are very painful, this disease means the loss of much time and money as well as the endurance of much suffering. No victim of this disease needs to be told that it does not yield to the treatment usually prescribed, but that being in the blood, it demands and external application of any kind simply apply the pain for a brief time and the patient soon suffers as badly as before.

Lumbago is sudden in its attack and is so intensely painful that the sufferer is often unable to move, even to turn in bed or to rise from a chair. The treatment is the same as for muscular rheumatism and the case with which this painful disease may be overcome when it is properly treated is illustrated by the case of Mr. T. P. McGraw, of No. 1937 Corley avenue, Beaumont, Texas, who was a sufferer from lumbago for two years and was often forced to lay off from his work as engineer for several days at a time. He says:

"I was taken very suddenly with lumbago while at work. The pains were very sharp and so severe that I came near fainting. From then on I suffered regularly with these attacks until I took Dr. Williams' Pink Pills. The attacks generally lasted for two or three days and during these I could hardly stand up, while it hurt me about as badly as being down."

"I was treated off and on by doctors but was not given any permanent relief. One doctor gave me liniment, but it did not help. It was only when I tried Dr. Williams' Pink Pills that I began to be benefited. I took several boxes and haven't had a touch of the disease since."

A copy of our new booklet, "Diseases of the Blood," containing full information about this treatment will be sent upon request.

Dr. Williams' Pink Pills are sold by all druggists, or sent, postpaid, upon receipt of price, 60 cents per box, six boxes for \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y.

SAN FRANCISCO, Oct. 14.—At the general convention of the Masonic lodge of the state of California held today at Golden Gate Commandery hall the following officers were elected: Grand master, Dana R. Weller, attorney, Los Angeles; deputy grand master, Alonzo J. Monroe, attorney, Eureka; senior grand warden, William Elmer Piller, electrician, company of San Francisco; junior grand warden, Judge John Murphy, superior judge, Mono county; grand treasurer, Edward Moleman, capitalist, San Francisco; grand secretary, John Wheeler, San Francisco; grand lecturer, Thomas J. Baker, San Francisco.

FARMER NEAR DEATH IN CRASH WITH AUTO

Manuel Mores, a farmer living near Hayward had a narrow escape from death early this morning when the farm wagon and team he was driving was run down by a speeding automobile at the junction of the San Lorenzo and Hayward roads. One of the horses was so badly injured that it had to be destroyed and the other was badly lacerated. The automobile bore the number 35129, which showed it belonged to Dr. A. L. Cunningham of 53 Montecito avenue, Oakland. There were two women and two men in the machine. The driver stopped long enough to assure himself that Mores was not injured and then proceeded to town. Mrs. Cunningham declared that the machine in question did not belong to her husband as his auto had not been out of the garage. He had sold an old machine bearing the number 35129, she said.

ANNAPOLIS HAZERS TO BE DISCIPLINED

ANNAPOLIS, Md., Oct. 14.—The fact that fourth classmen who had their faces to the wall could not identify upper classmen who had given them orders nearly caused them to be expelled from the Annapolis naval academy. Under which they had received since the officer of discipline rushed into the room Saturday night and found a number of pledges evidently receiving admissions from the fourth classmen. Four of whom were captured. All of the under classmen testified that they had been ordered to face the wall and could not say who it was that gave them such orders. There was no evidence of any violence, but the opinion is general that the offenders will be punished severely but allowed to continue in the service.

LABORER FIGHTS WITH ARRESTING OFFICERS

D. Nolan, a laborer who has no special place of residence, because he is out at Seventh and Pine streets last night and when Patrolman Brackett and Special Officer Kim sought to place him under arrest, he put up such a fight the policemen were obliged to use their clubs to subdue him. In the fracas Nolan sustained a fractured nose and several lacerations on the scalp. He was taken to the receiving hospital where his injuries were attended by Dr. Emile.

DR. MARTIN RELEASED ON HABEAS CORPUS

OAKLAND'S new City Hall, prize creation of master architects, will soon rear its towering height over the great city of today.

Forty years ago we saw in the straggling town the nucleus of a future metropolis. One of its big establishments of today, however, had already laid the foundation of its growth—Bowman's Drug Store.

Purest and freshest of drugs and accessories at prices based on a small margin of profit, service both courteous and helpful—these were the guiding principles that developed the store into one of the leading firms of the West.

SODALITY GIRLS TO GIVE POSTPONED WHIST PARTY

Reading from left to right: Misses Lillian Joyce and Marguerite O'Connor, two prominent members of the Young Ladies' Sodality of St. Frances de Sales Church.

The whist tournament planned some time ago by the Young Ladies' Sodality of St. Frances de Sales church, but which was postponed owing to the then serious illness of Rev. Father Thomas McSweeney, pastor of St. Frances de Sales, will be held Tuesday evening, October 18.

The tournament promises to be one of the most successful, financially as well as socially, ever given by the Sodality women, as every member has contributed herself a committee of one to assist in making it so.

The prizes to be awarded are beautiful and numerous, including cut-glass pieces, hand-painted china, embroidered sofa cushions and other fancy articles.

Among those assisting in making the affair a success are the Misses Leola Kelley, Mary Lenane, the Misses Lynne Eleanor Gallagher, Miss Janey, Marguerite O'Connor, Irene Ball, Miss Lampington, Daisy Keller, Helen Madden, the Misses McDonough, May Gallagher, Agnes, May Ball, Julian Conley and Lillian Joyce.

TWO LABORERS KILLED BY PREMATURE BLAST

MERCED Oct. 14.—While engaged in setting dynamite sticks for blasting along the main canal on the Upton ranch near here, James O'Brien was instantly killed and E. Roman, a fellow workman, was fatally injured Thursday night by a premature explosion. The men had set off a string of eight dynamite sticks, but two of which exploded while the two men were at work recharging the "silent" holes that the second blast occurred.

O'Brien was hurled into the air and his body carried across the canal, a distance of sixty feet. He was badly mangled. Roman was thrown in the opposite direction. His injuries are such that he cannot live.

WORTH MOUNTAINS OF GOLD

During Change of Life, says Mrs. Chas. Barclay

Graniteville, Vt.—"I was passing through the Change of Life and suffered from nervousness and other annoying symptoms, and I can truly say that Lydia E. Pinkham's Vegetable Compound has proved worth mountains of gold to me, as it restored my health and strength. I never forget to tell my friends what Lydia E. Pinkham's Vegetable Compound has done for me during this trying period. Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my trouble public so you may publish this letter."—Mrs. CHAS. BARCLAY, R.F.D., Graniteville, Vt.

No other medicine for woman's ills has received such wide-spread and unqualified endorsement. No other medicine has been known to cure a record of cures of female ills as has Lydia E. Pinkham's Vegetable Compound.

For more than 30 years it has been curing female complaints such as inflammation, ulceration, local weaknesses, fibroid tumors, irregularities, periodic pains, backache, indigestion, nervousness, and it is unequalled for carrying women safely through the period of change of life. It costs but little to try Lydia E. Pinkham's Vegetable Compound, and, as Mrs. Barclay says, it is "worth mountains of gold" to suffering women.

WOULD REGULATE CITY ELECTRICIANS

Committee Hears Argument, Pro and Con, of New Ordinance.

The ordinance regulating electricians working within the city limits, by license or cash bond, came up before the ordinance and a judiciary committee of the city council last night, at which time many electricians appeared and both sides of the question was discussed. Charles Snook, who stated that he represented ten large firms in the city, favored the passage of one of the ordinances, as such a regulation would prevent the working of people who did not understand the electrical business and who are now doing so much poor work within the city.

Thomas J. Thompson opposed any ordinance on the ground that such a measure would be special legislation. He stated that before his last ordinance was declared illegal he was arrested three times because he did not have \$50 to put up and was trying to make a living at his trade. He said the same question would arise again should an ordinance be passed. The matter was laid over until the next meeting.

DE YOUNG BOOSTS FOR EXPOSITION ON COAST

CHICAGO, Oct. 14.—M. H. de Young, proprietor of the San Francisco Chronicle, arrived in Chicago yesterday to give many reasons why San Francisco is the logical place for the holding of the Panama-Pacific International exposition. De Young has just returned from a trip to Europe.

"I am more than ever convinced," said De Young, "that the place for the exposition is San Francisco. Exhibitors at the Brussels exposition have told me a 'two-ring' exposition, one at New Orleans and the other at San Francisco, is bound to fail."

Under no circumstances will they exhibit at both places. Therefore the government must give its sanction to one place."

MISSING CASHIER IS DISCOVERED IN PRISON

ST. LOUIS, Oct. 14.—That A. J. White, convicted in the San Francisco Chronicle, arrived in Chicago yesterday to give many reasons why San Francisco is the logical place for the holding of the Panama-Pacific International exposition. De Young has just returned from a trip to Europe.

Saturday and All Next Week Will Be Nemo Week At the Corset House

The Corset you read about in all the Fashion Books in the world: the Corset that reduces the abdomen without injury to health.

We have all kinds of Corsets, but no corset made for a stout figure has the fit, wear and comfort that this most popular make has. We fit and alter all our corsets free of charge and guarantee every pair sold to give satisfaction. Price \$3.50, \$4.00, \$5.00, \$10.00 per pair.

We are showing in cuts today styles 522 and 523, one a low bust, the other a medium bust, with the LASTIKOPS BANILET, the greatest Corset success ever known for stout figures. If you have been wearing an abdominal supporter to hold your stomach up you can discard it. The broad bands of semi-elastic webbing. They prevent that perilous bearing down feeling (every woman knows what that means), no matter how much you pull yourself in.

Sizes 20 to 36 Price \$5.00 per pair.

SELF REDUCING CORSET 318 and 320. The best reducing corset made at the price for tall or medium stout figures. Long skirt; low, high and medium bust. LASTIKOPS hose supporters attached to every pair; guaranteed to last the life of the Corset. Sizes 19 to 36. Price \$3.50.

SELF REDUCING CORSET, STYLE 403 AND 405. Made for tall, stout figures; high and low bust; has the long front and extremely long back; for wear and comfort they have no equal. Sizes 19 to 36. Price \$4.00 per pair.

A Big White Petticoat Sale

A genuine sale of high grade white petticoats, cheap. There are just 50 dozen in the lot, sent out to us by one of our muslin underwear house, asking us to close them out at a price, as they need the money and are forced to unload. We know it is a bad time of the year for white petticoats, but style, quality and price will tell. It would take up too much space to describe them all. All we can say is, we can save you 50c to \$1.50 on each petticoat. There are a great many extra size petticoats in the lot. See them in our show window.

PROBERS DISCOVER LITTLE PADDING

Census Returns for Coast Cities to Be Made Known Within Next Month.

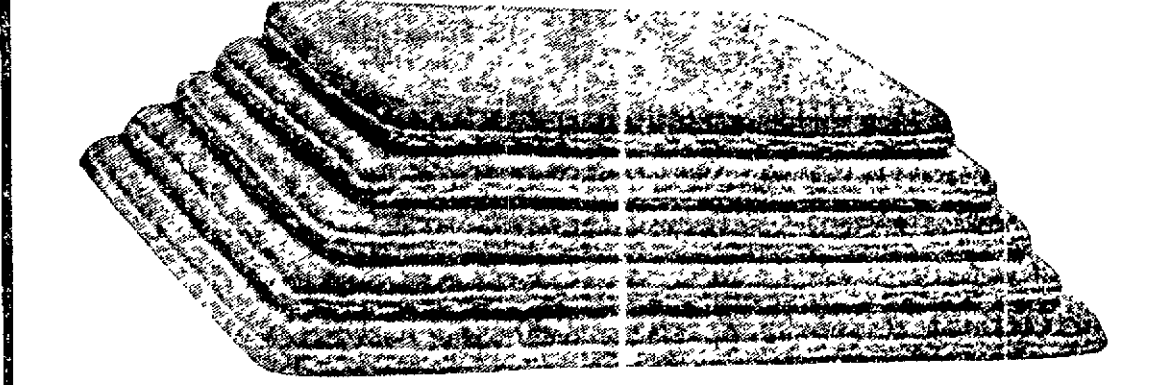

WASHINGTON, Oct. 14.—Director Durand said yesterday that the investigations he ordered made of the census returns in several cities on the Pacific coast are near completion and that within a month he hopes to have all the population figures given out for that region. Figures for two weeks, however, before he can begin plugging out the totals. Meanwhile the population of a city here and there may be published, but he was unable to say anything definitely as to when the San Francisco figures may be looked for.

Intimations that padding has been found are said to have been made, but apparently it is of no sensational proportions. The director's declaration today was that he might have something to say of the

HIGH GRADERS RAID RICH SHASTA MINE

HARRISON GULCH, Oct. 14.—Twenty-one miners have been discharged from the Shasta mine here during the last two weeks because of high grading. This is the first time since the practice of grading high grade gold ores has been carried on.

Two of the miners were caught in the act early this week and their discharging led to the discovery that high grading had been going on for months, and in the neighborhood of \$50,000 worth of gold has, it is believed, been taken from the mine since July.

IN SOCIETY

MISS RUTH AND MISS
Rose Kaler gave a
lunch today at the
Claremont Country
club at which covers
were laid for a score of
the younger members of
the local fashionable set.
The guest of honor was
Miss Grace Hadley, a cousin of
the Misses Kaler, who is visiting here
from her home in New York. The
table was decorated in red and white.
Among the invited guests were Miss
Johanna Volkman, Mrs. Dan Beldin,
Miss Florence Henshaw, Miss E. A.
Schilling, Miss Gertrude Simpson,
Mrs. Chase, Miss Chickering, Miss
Kathleen Finnegan and Miss Marie-
line Clay.

CLUB MEETING.
The Draper club of Berkeley will
hold its second meeting of the month
on Tuesday, October 18, at the resi-
dence of Mrs. E. E. Shapard, 2320
Regent street. Mrs. Elinor Carlisle
will speak on "Universal Mother-
hood."

IN HONOR OF MRS. HOOPER.
Mrs. Alfred Argmond Roe will give
a tea tomorrow afternoon between
the hours of 3 and 5 in honor of Mrs.
Rupert Thomas Hooper of Claremont
Park. The halls of the Roe home on
Forest street will be decorated in
yellow chrysanthemums, and masses
of the same shaggy blossoms will be
banded in the spacious halls.
The guest of honor, Mrs. Rupert
Thomas Hooper, was formerly Miss
Elinor Fagen of London, and since her
marriage has lived in this city.
Those who will assist the hostess
in receiving the guests are Mrs. Geo.
Paulmer, Mrs. J. C. Smith, Miss
Edith Montague, Miss Mabel and
Miss Mildred Burnett and Miss Re-
vall.

Among the coteries of the younger
set who will assist at the tea table are
Miss Clara Beatty, Miss Margaret Mc-
Ilroy, Miss Marion Beatty, Miss Wil-
son Deneault and Miss Helen Beatty.

TO SAIL FOR HONOLULU.
Mrs. Charles S. Houghton has set
the date of her departure for Hon-
olulu for October 20. She will be
accompanied by her daughter, Mrs. Theodore Seymour
Hall. Mrs. Houghton will arrive in the
islands in time for the Christmas hol-
idays.

OCTOBER WEDDING.
Mrs. Robert Ritchie has sent out
cards for the marriage of her daugh-
ter, Margaret, to 1889 Euclid avenue,
the ceremony to take place at St. Paul's
Episcopal church Friday evening, Octo-
ber 28.

LARGE BRIDGE PARTY.
Miss Elsa Schilling's bridge party
last night included a large number of
the smart set from about the bay and
was a beautifully appointed affair.
Miss Ruth Kaler and her fiancé,
Thomas Knowles, were the com-
mented guests. The party was
followed by an informal dance, rounded
out the evening's pleasure.

LUNCHEON HOSTESS.
Mrs. A. N. Lewis was a luncheon
hostess yesterday at her Alameda
home to a dozen guests that included
Mrs. Mary Henshaw, Mrs. C. T. Wright,
Mrs. Henry Bond, Mrs. Jennie Con-
ter, Mrs. George Dillman, Mrs. Henry
Michaels, Mrs. J. C. Hall, Mrs. L. Shel-
don, Mrs. Frederick Haight.

BERKELEYANS TOUR EUROPE.
Mrs. Charles F. Stoppant, who has
been visiting her parents, Mr. and
Mrs. W. Henry of 1889 Euclid avenue,
will depart for New York with her
sister, Miss Alice Henry, a member
of the younger Berkeley set.

Both are planning to spend some
time in Europe, to which city
Charles F. Stoppant will escort them.
Miss Henry and Mrs. Stoppant are
musicians and well known in musical
circles, where they are frequently
heard in recitals.

George F. Reinhardt and Mrs.
Richard J. Robertson are among the
hostesses who are giving farewell
parties in their honor.

QUIET MARRIAGE.
A marriage this week which is of
interest to many in the city was that
of Miss Elsie Lavelle, a graduate of
the State university, and John H. Hol-
combe, which was solemnized at All
Saints' Catholic church by Rev. Father
Vilhelm.

The bride is the daughter of Mr.
and Mrs. Samuel Lavelle of Hayward
place. After the ceremony the couple
departed for Nebraska, the former
home of the bridegroom.

LUNCHEON AND BRIDGE.
Mrs. Alfred Reiber was a hostess
today at luncheon at her home in
Piedmont. Following the dinner menu
the score of guests gathered around
the card tables for a game of bridge.

MUSICAL.
Mrs. Sofia Neustadt is the beloved
guest at the musicale which Robert
Neustadt will give tonight in his Berke-
ley studio. Mrs. Neustadt has spent
much of her time abroad.

HOUSE WARMING.
Mr. and Mrs. W. F. Boardman will
receive their friends at an "at home"
on the evening of Tuesday, October
25, at their new home in Claremont
and the reception Tuesday week will
be in the nature of a formal "house
warming."

INTERESTING PROGRAM.
The King's Daughters of the First
Baptist church will give an evening
of Living Pictures Friday, Oct. 21,
followed by a sketch in which Miss
Thoda Cockcroft and Edward Klito
will take part. Among those who are
working to make the affair a success
are Mrs. L. F. Cockcroft, Mrs. Ellen
Johnson, Mrs. Stewart, Miss Rice,
Miss Fry, Mrs. Wexman, Mrs. Perry
Brown, Miss Marion Meade, Mrs. Har-
vey Lyon, Miss Babcock, Mrs. Both-
well and Miss Stiles.

VISITING FROM SOUTH.
Mrs. Edgar Jones of Piedmont is
entertaining Miss Virginia Wynn at
her house. Miss Wynn is a
southern girl and will be given a
series of complimentary affairs during
her visit.

FRIDAY NIGHT ASSEMBLY.
The Friday Night Assembly will
hold its initial dance of this season

nearly 300 young people will be in at-
tendance. The patronesses for this
evening include Mrs. Charles B. Marks,
Mrs. Lillian Frenzel, Mrs. George
Greenleaf, Mrs. Edington Dietrick,
Mrs. Wilson Thompson and Mrs.
Henry Dickson.

VISITING ON RANCH.
Miss Evelyn Adams is spending
some delightful out of town days as
the guest of her aunt, Mrs. J. P. Jack-
son, at the Montague ranch near Palo
Alto.

LUNCHEON AT ST. MARK.
The luncheon given this week by
the "Ladies of the Round Table" was a
recently appointed affair given at

the Hotel St. Mark. Those around
the table were Mrs. Arthur Moritz,
Mrs. Julia E. Travis, Mrs. William A.
Knapp, Miss Jean Mleke, Mrs. Stuart
Merill, Miss Mercy E. Edwards, Mrs.
G. H. Lyon, Mrs. Mercy M. Constable,
Mrs. Willard Gatchers, Mrs. W. B.
Rinhardt, Mrs. Duncan A. MacDonald,
Mrs. Clarence Sherman, Mrs. Julius
Joseph, Mrs. Carrie E. Hall.

DINNER HOSTS.
Mr. and Mrs. Ernest Boyes will be
dinner hosts this evening to a dozen
guests preceding the bal-masque at
Idoga.

Mr. and Mrs. Emil Lehnhardt and
Reinold Olyer will also be among the
socially prominent who will dispense
hospitality at dinner.

S. P. TO BUILD NEW ROAD INTO LOST HILLS SECTION

Branch Will Fork Off From the McKittrick Rails; Government Withdraws All Entries in Many Townships

SAKERSFIELD, Oct. 14.—Recent de-
velopments in the Lost Hills section in-
clude the receipt of dispatches to the
effect that all government and private
entries 25-21, 26-21 and 26-20 have been
withdrawn from entry; the announce-
ment that the Southern Pacific will build
a branch railroad into the new field from
the McKittrick branch west of Sutton
Wagon, and the beginning of a survey
for a new town on section 2-27-21.

The government's withdrawal will
put a damper on some of the strenuous
efforts that have been going on over-
east in Lost Hills land. Operators have
been giving withdrawn land the possi-
bility of many acres are being added to sec-
tion 25-21, 26-21 and 26-20 have been
withdrawn from entry; the announce-
ment that the Southern Pacific will build
a branch railroad into the new field from
the McKittrick branch west of Sutton
Wagon, and the beginning of a survey
for a new town on section 2-27-21.

VERIFICATION REPORT.
The announcement that the Southern
Pacific will build a railroad to the Lost
Hills comes through high officials of the
Associated Oil Company. The latter
company has invested, it is said,
\$250,000 in land in the Lost Hills, and
it is now holding a standard rig on sec-
tion 14-26-20, preparatory to giving the
property a thorough test. General
Superintendent Brice expects to reach
the oil in 300 feet.

Since the successful public demon-
stration of its pumping qualities the Lake
Shore well in section 30-26-21, has been
equipped with a new pump and with this
equipment it filled a five-million can in
eleven seconds yesterday, which is at a
fraction less than has yet been credited to
the well. Little or no sand comes up
with the oil, but there is a great quantity
of gas, which immensely increases the
bulk of the oil as it comes from the
well.

WASCO ON UPHILL.
As a result of the rush to this dis-
trict, the town of Wasco is to have a
bank and a new hotel at once. Capital-
ists identified with the Berkeley Na-
tional bank have subscribed all the
funds for the new bank, which will be
operated under the State laws with a
capital of \$25,000. W. G. Griffith is
the prime mover in the enterprise.

The Oil World says that the pro-
duction of the State for September was
6,664,568 barrels, distributed among the
different fields as follows:

Coalinga Field—Salt Lake, Sherman,
22,100; Whittier, Coalinga, 138,900; Los
Angeles City, 3500; Newhall, 1300;
Bakersfield, 22,100; Santa Maria, 12,500;
Coalinga, 1,422,100; Kern
River, 1,655,140; Sunset, 702,450; Midway,
12,500; McKittrick, 143,200.

WILL PAY ON 20TH.
The same paper says that hereafter
the Agency will pay on the 20th of each
month for oil sold during the preceding
month. This will be accomplished by
paying on the basis of the last pay-
ment without waiting for the returns to
be complete and whatever discrepancy is
found between the disbursements and the
oil receipts will be equalized the fol-
lowing month.

That the Agency members will not
be enabled to get loans on storage oil
with greater ease by reason of the sign-
ing of the Associated and Union-Inde-
pendents is already evident. Prominent
bankers have already offered to make
such advances whenever the proper
application is made. It is generally be-
lieved that this agreement gives the
whole oil industry a better financial
standing than formerly, placing it on a
more certain business basis.

FAMOUS BEAUTY AND WOOLR TO HUNT BEAR

Mrs. Smith H. McKim Hopes to Bring Down Big Game in Wilds.

Auto Thief Blames Pretty Girl for Downfall; Discards Photograph.

RENO, Oct. 14.—Mrs. Margaret McKim, recently divorced from Dr. Smith O. McKim of New York, is going bear hunting. The handsome divorcee returned to this city accom-
panied by the ever present R. V. Baker. Neither Baker nor Mrs. McKim would discuss the possibility of marriage. The party will be made up of her father and some friends besides herself and they intend to be gone several weeks.
"I love Reno," she said, "and it is to be my home. I have my home here and my friends. I have no intention of selling my home. I shall always live here except for trips I may take to New York. Reno is truly home."
She was willing to talk about her trip to "Joni" then came back to Reno with her father and then plunge into the wilds of Plumas county after big game.
She has her heart quite set on killing a huge bear and she also states that she would try to bring down a buck or two. The party will be made up of her father and some friends besides herself and they intend to be gone several weeks.
"I love Reno," she said, "and it is to be my home. I have my home here and my friends. I have no intention of selling my home. I shall always live here except for trips I may take to New York. Reno is truly home."
She was willing to talk about her trip to "Joni" then came back to Reno with her father and then plunge into the wilds of Plumas county after big game.

Blames the Woman.
DENVER, Colo., Oct. 14.—Joseph Novak, 19 years old, was picked from the Colorado State Reformatory in order that he might be taken to Chicago to answer the charge of stealing a \$3000 automobile, before leaving for the East with Detective John Oakley, took from his pocket the photograph of a pretty young woman and after gazing fondly at the likeness kissed it and dropped it on the sergeant's desk.
"I was a pretty nice little girl, but we'll have to part company for good," said the young man.
"I won't take her picture with me," added the prisoner, "because she brought me bad luck. She is as pretty as a peach, but we must part."
A few minutes later he was on his way to the depot with the Chicago officer, where they boarded an eastbound train for Chicago.

Novak says he is a nephew of former Alderman John Novak of Chicago. The young man was a high-flier in Denver until he fell into the hands of a gangster and selling an automobile, the proceeds of which were spent on the original of the discarded photograph.

Chanler Enjoined.
NEW YORK, Oct. 14.—The Supreme Court Justice who yesterday granted Mrs. Julia Chanler a divorce from her husband, Robert Winthrop Chanler, a temporary injunction restraining Chanler, his second wife, Lina Cavallieri, Chanler, and the trustees in charge of the Chanler estate from disposing of any of his assets. The application for a permanent injunction will be made within a few days.

These proceedings are supplementary to Mrs. Chanler's suit for divorce against her former husband and Cavallieri to have set aside as invalid the ante-nuptial agreement by which Chanler deeded his property and such of his income to the singer.

They're After Him
NEW YORK, Oct. 14.—In his book entitled "The Man's Story," David Graham Phillips makes one of his characters say: "The American woman fancies she is growing away from the American man. The truth is that what she is doing is still playing with a fire. She is a poor devil, the American man is growing away from her."

The federation of women's clubs has taken up the matter and it intends to stir Phillips' heinous charges to the bottom.

The matter will be discussed at the convention of the federation September 25.

Wed by Contract
SANTA ROSA, Oct. 14.—Alice Myrtle Perry, after having lived with Harvey Bond under an agreement for the past 12 years as his wife, brought suit for divorce Thursday afternoon. The couple began living together in Alameda county, Calif., 1908. Perry sought to treat the woman in all ways as his wife, to call her his wife and introduce her as such. On her part she promised to be a loving and faithful wife and it was mutually agreed that any property they might accumulate would be regarded as community property. Four children were born out of wedlock to the couple, and the woman charges that during last July her husband accused her of being intimate with another man, and that they have since separated.

Honeymoon in Hills
SANTA ROSA, Oct. 14.—The wedding occurred here yesterday of Raymond G. Brackett and Miss Lillian G. Gier, a popular girl of Groversville, daughter of Mr. and Mrs. J. E. Gier. Brackett is a member of the firm of Brackett & Brackett. After spending a portion of their honeymoon in the southern part of the state the young couple will conclude it amid the hills of Alameda county where they will spend five months completing location in a valuable timber claim held by the bride. They will return to Santa Rosa to reside.

Sothern Files Answer
RENO, Nev., Oct. 14.—There is nothing now to prevent immediate action in Virginia Harrod's divorce case, as Edward H. Sothern has just filed his answer to her complaint. The answer is brief, but in it Sothern injects a clause intended to save him from embarrassment and secure the court's aid in all the formal allegations concerning jurisdiction, even including that one in which his wife alleges that her hus-

Everything Is Now Ready for the Great Bal-Masque

THOUSANDS TO MAKE MERRY AT DANCE

Lights Will Blaze and Color Run Riot in Idora Park Pavilion.

Princess Incognita to Lead Grand March; Many Features Are Planned.

With thousands of lights strung from ceiling and wall, miles of streamers adding a riot of color to the pavilion, and shrubbery and greens lavishly distributed throughout the building, everything is in readiness for the Panama-Pacific Bal-Masque tonight. The great rink at Idora park, which will be the scene of the greatest ball ever held in the bay section, will be a mass of light and color. Nothing has been left undone to make the affair a success, and success is promised to be beyond the hopes of the originators and the dreams of those who have worked hard in its preparations. Fairland was never like the great hall will be with its carnival hues and glitter.

DINNER BEGINS EARLY.

At half past six this evening a dinner will be served in the grill at the big park. At 8:45 Elly's band will strike up a grand overture, "Invitation to the Dance," and with this will begin an evening that is to be long remembered in the minds of those who care to dance and revel, to haunt the realm of King Carnival and pay respects to Princess Incognita. Impromptu dancing will be indulged in from 9 to 9:30, and at the latter hour the call will be issued for the grand march and pageant of maskers. Led by the Prince and Princess Incognita, the great line of costumed dancers will wind its way through the mazes of a carnival parade, and for half an hour the procession will pass in review before a crowd that has promised to fill the place and overflow into hall and corridor.

ARRIVE AT CALL.

The princess will not arrive until the call for the grand march. She will be escorted by Frank Lamson Brown and by the Nations, the latter in uniform gray with red and gold. The evolutions of the maskers will be spectacular, according to the plans of Colonel Nagel.

An exhibition drill by the Zouave Drill Corps of the Nations will follow after which there will be some minutes of dancing. Then will Captain Max Horvinski trot out his internationals in an effort to show the San Francisco organizations that a new challenger has come into the field seeking honors for good work on parade.

At 11 Prof. Gustav Mann will bring his wonderful trained and entertained floor, whereupon as great an exhibition of animal intelligence as has ever been displayed will be shown to the assembled multitude. Everybody will unmask at the same hour.

BABY SHOW NEXT.

The baby show, with H. C. Capwell as judge and Karl H. Nickel as nurse, will follow half an hour later, when proud Oakland youngsters will guard and smile and make a desperate effort to prove to the judge that their charms are enough to bar the prize that has been set up.

Dancing will be indulged in until 2 a. m. with many musical selections interspersed. Elly's band is ready to do its best, which means that better music will have never been heard on ballroom floor.

A committee of three will pass on the maskers as they enter the hall, everyone being requested to unmask in secret. This has been decided on as the best means of eliminating all danger of roughness on the ballroom floor and as a protection to the dancers.

CREEK ROUTE BOAT TO TAKE VISITORS HOME IN MORNING

In order to accommodate those who will come from the other side of the bay to attend the bal-masque at Idora Park tonight, the committee in charge of arrangements have chartered a Creek Route boat that will leave the foot of Broadway at 2:30 a. m. to take passengers and automobiles to San Francisco.

for the unmasking ceremony has been aroused to a high pitch as to who will don the beautiful red and yellow robes of the only Spanish court and rule over the festival, but not a hint has been given out by those few who are in on the secret. The Princess will be a picture of beauty as she sits in the royal box, a knowledge of the honoree of thousands of loyal subjects, and he alone will be a feature worth coming a long way to see.

Everything possible has been provided for the comfort and entertainment of those who will crowd Idora this evening, and not a thing will be an occasion never to be forgotten by those who are fortunate enough to see and hear, and to mingle with the merry-makers.

BERKELEY TO ATTEND.

BERKELEY, Oct. 14.—Berkeley will be well represented at the Idora park bal-masque and grand gala this evening, the demand for tickets having been heavy in speaking of the appreciation of Idora park that is shown by Berkeleyans. W. E. Drury, secretary of the Berkeley Chamber of Commerce said, "This favorable feeling for Idora park by the people of Berkeley is only natural, because as a matter of fact this beautiful resort is nearer to Berkeley than it is to Oakland, when the center of population of each city is considered. This is shown during the concert season, and at other times, when the Berkeley cars are better filled than those that reach Oakland."

Berkeleyans who desire invitations may obtain the same by applying at the rooms of the Chamber of Commerce, 2085 Center street.

Confederate Leader's Granddaughter to Wed

Miss Lucy Hayes Will Become Wife of Famous Landscape Painter's Son.

COLORADO SPRINGS, Colo., Oct. 14.—Miss Lucy Hayes, daughter of J. Addison Hayes, and whose mother, Mrs. Margaret Howell Jefferson Davis Hayes, was the daughter of Jefferson Davis, is to wed George Bowser Young, son of the late Francis Young, the famous painter of western landscapes. No date has been set for the wedding.

Clang of Forge Sends 'Dick' on Way to Blaze

The clang of the forge reminded "Dick," a spirited horse belonging to Fire Chief James Kenney of Berkeley, of the fire bell as he waited to be shod in front of a blacksmith shop at Dwight way and Shattuck avenue, and without waiting for his shoes he dashed away Oaklandward. The fire chief's ringing pumping along after him, and the automobile going ringing like mad were familiar sounds to "Dick," and he raced madly down Shattuck avenue, turned into Telegraph avenue at Perry fifth and continued down into Oakland.

The unreeling snail of the horse in racing to fires and avoiding other wagons and teams saved him in good stead, as driverless he clattered down Telegraph avenue, and the ringing of the automobile going served to warn pedestrians to keep out of the way.

A score of attempts to stop him were made on the way into Oakland, but without avail. "Dick" was going to get to that fire if he had to keep going all day. Finally at Twenty-third street he brought up beside a familiar looking hydrant, and there remained waiting patiently for a fireman to put in an appearance. The initials "B. F. D." on the fire identified the outfit, and Chief Kenney was notified to send down for his runaway steed, who had so nearly annoyed himself to Oakland despite the wishes of his master.

'Dolly' Gray to Wed Pretty Oakland Girl

An American League Pitcher to Make Home Run with Marriage License.

William D. Gray, better known as "Dolly" Gray, pitcher for the Washington American League, and well known in the baseball world took out a marriage license this morning to marry Miss Leonore D. Durfee, the daughter of Charles A. Durfee, a horseman.

The wedding will take place some time today and the young couple will spend their honeymoon in the southern part of the state. Miss Durfee is a pretty and popular young lady and has resided in Oakland for some time. It was while Gray was pitching for one of the Coast League teams that he was introduced to her. He said this morning that he intended to win the world's series, but his marriage will cause a crumple in his plans. He has signed a contract with Washington for next season.

President of New York Central Declares Dividends Are Small.

Would Increase Rates in Order to Obtain Money Abroad.

WASHINGTON, Oct. 14.—Cross questioned today before the Interstate Commerce Commission at the hearing relating to the proposed advance in freight rates, President W. C. Brown of the New York Central said of his road's earnings:

"In twenty-one years the New York Central has paid an average of 4.76 per cent in dividends to its stockholders, an average less than they could have realized if they had invested their money in first-class farm mortgages. In that time they have taken out of earnings and applied to improvements 1.21 per cent, or just about 25 cents for each dollar of dividends."

EARNING POWER SMALL.

After Brown had given similar information of earnings and surplus set aside for improvements on other of the New York Central lines, Commissioner Lane asked how it happened that in such rich territory as the New York Central had, it had paid such small dividends.

"Because," Brown replied, "it has not been possible to earn any more."

"If the Pennsylvania and the E. and O. could do so well, how is it you could do so little?" asked Commissioner Lane.

"That is a very hard question to answer," replied Brown. "The Pennsylvania Railroad is located, in some respects, in a better territory than the New York Central and the Lake Shore—that is, in territory that gives an enormous margin."

SUSTAINING CREDIT.

Reverting to the proposed advance in rates, Brown, in response to inquiries by Examiner Lyon, declared:

"I think it is absolutely necessary for the railroads to earn more money to sustain their credit, so they may obtain sufficient funds to make necessary improvements."

"I do not think the increases in rates asked for are all that we should have, but they will enable us, if granted, to obtain money abroad. The sentimental effect of allowance of the proposed rates would be worth as much as the practical advance in sustaining our credit. It will convince the foreign investor that there is a rational in the United States that will permit a fair increase in rates. The fact is, there is much doubt about that in Europe."

MURDERER OF WOMAN BOUND AND GAGGED

MRS. CASTLE MUST PAY

Porter Charlton, Who Threw Wife's Body in Lake, Sent Back to Jail.

HUSBAND LOSES FIGHT AGAINST EXTRADITION

New York Supreme Justice Orders Him Turned Over to Federal Officials.

NEW YORK, Oct. 14.—Porter Charlton, the confessed murderer of his wife, Mrs. Mary Scott-Castle Charlton, was today ordered turned over to the federal authorities in proceedings which have been instituted for his extradition to Italy.

Judge Blair of the New Jersey Supreme Court declined to release Charlton and issued the order or him to be placed in charge of the federal authorities.

REVIEW OF CHARLTON CASE.

Charlton was arrested on a German liner at Hoboken on his arrival from Italy last summer, shortly after the body of his wife had been found in a trunk in Lake Como, Italy. The young man confessed having killed his wife and was held to await the action of the Italian authorities and the federal government.

A hearing was held on September 21, when Judge Blair refused to hear testimony concerning Charlton's sanity. Charlton's inexpressible mental condition was urged as a reason why he should not be taken to Italy for trial. His counsel also urged that Italy, by enacting a law that no Italian citizen should be extradited from Italian soil, had abrogated all obligations of this country to extradite its citizens on American soil.

RECOMMENDED TO JAIL.

By his decision today Justice Blair overruled his last contention so far as the state court had to deal with it, and the whole matter, it now appears, will be put in the hands of the federal authorities.

A new commitment was made out for Charlton as soon as Judge Blair's decision was rendered and the prisoner was ordered returned to his cell to await the action of the United States government.

DRIVES INTO DITCH.

SAN FRANCISCO, Oct. 14.—George Strimweaver, a hakey wagon driver of 2630 Twenty-first street, fell asleep at 4:30 this morning while making his rounds and woke to find himself, his horse and vehicle at the bottom of a ten-foot ditch on 12th and Brannan streets, the animal having been severely injured in the plunge.

PROTEST LACK OF FIRE PROTECTION

Peralta, Claremont and Rock Ridge Clubs Ask Councilmen for Betterment.

Members of the Peralta Claremont Club and the Vernon and Rock Ridge Improvement Club appeared before the auditing and finance committee of the city council last night and asked that their districts be given better fire protection. A petition with 658 names of bona fide property owners was presented. The committee favored the proposition but owing to several questions that arose the matter was laid over to give the members of these clubs a chance to meet with Fire Chief Bell and form some definite plans for such protection.

J. D. White appeared before the committee and told of the conditions as they exist in the district. According to his statement there are one thousand dwellings and one hundred business houses in the district that could not be reached at the present time in ten fifteen minutes by the city fire department. Any of these buildings he said could be completely destroyed before aid could arrive.

White went on to state that the people of the district realized that the public funds were short and for that reason they were only asking for an automobile chemical which would answer the purpose for the present. The engine could be installed at small expense, he asserted, as the city already owned a lot there and this lot could be used for the fire house. He said that with this department would have down grade to all points in the district.

LOSS OF SLEEP CAUSES COLLAPSE

Nurse Becomes Unconscious on Train After Long Vigil.

ALAMEDA Oct 14—After sixty hours of sleeplessness by the illness of a patient she was nursing, Mrs. A. Thompson a nurse living at 1812 Mulberry street collapsed last night and was taken off a train at Park street and in Alameda in an unconscious condition.

She had been attending a patient in San Francisco and becoming too ill to stand the strain of sitting up all night any longer she boarded a boat for her home in this city. She lapsed into unconsciousness while on the train and the artillerie was summoned when it reached the Park street station. She was removed from the train in almost a lifeless condition and a physician was immediately summoned.

She had retired at her home this morning but is in a state of nervous collapse.

by the city was not too near to the Berkeley city here he stated that he did not believe it was but in case the council were of a different opinion he was willing to get the members of the two clubs together and find some way to raise money for a new lot. He invited the committee to visit the district and said the clubs would turn the transportation.

The members of the committee expressed themselves as being pleased with the offer of the clubs and it was unanimously decided to refer the matter to Fire Chief Bell with the idea that some definite plans could be arranged. The matter will be brought up at the next meeting of the committee.

ANOTHER SPEAKS

T. W. Nightingale also spoke in favor of better fire protection. He said that 80 per cent of the fire within a radius of a mile from the fire house could be extinguished by an automobile chemical and he believed that if people of this district would be brought up at the next protection. When asked if the lot owned

SEARCH SHIPS FOR SMUGGLED GOODS

Revenue Cutters on the Great Lakes Running Down Illegitimate Trade.

CHICAGO Oct 14—Search of trans-steamers and sailing vessels of the great lakes for alleged smuggled goods has been in progress for several days according to information which leaked out today.

Three vessels having general lake licenses have been stopped and searched by revenue cutters and although no incriminating evidence was obtained in these specific instances customs officials declare they are about to put an end to what they say has grown to be a considerable illegitimate trade.

A steamer from Canada was stopped today by the revenue cutter "Patrol Lieutenant Leroy Burger" commanding and searched without success.

Gold Dust Cleans Everything —Injures Nothing—

GOLD DUST cleanses thoroughly without the least danger of injury. There are many good cleaners on the market which do the work quickly, but they contain abrasive matter, and in time will wear through brass, tiling, porcelain tubs and bowls and all highly polished surfaces.

GOLD DUST does the work, does it better, and does not wear away the surface. Why experiment when **GOLD DUST** stands without an equal?

Don't use Soap. Naphtha, Borax, Soda, Ammonia or Kerosene with Gold Dust. Gold Dust cleanses, disinfects, cleanses, whitens, and is perfectly harmless and lasting form.

SUICIDE 'QUEEN' IS ARRESTED AS THIEF

Kate Powers Plunges Through Skylight in Vain Attempt to Elude Police.

SAN FRANCISCO Oct 14—Kate Powers, familiarly and notoriously known as "Gaudy Kate" who has been a dozen times at the Central emergency hospital suffering from chloroform poisoning in attempts to end her life, plunged through a skylight in the lodging house at 15 Mason street this morning and fell into the hands of the police, who had received a complaint that she had stolen a \$1000 diamond.

She had been spending the early evening in the company of James Lawlor in a joy ride and it is claimed in an effort to avoid him and the chauffeur who had been driving the car, she ran into the Mason street house. At 7:30 a. m. hearing footsteps approach she tried to escape and fell through the skylight to the ground.

She was taken to the Central emergency hospital and treated for a contusion of the right hip and other injuries and later was charged with grand larceny. Lawlor complained that she took a diamond from him valued at \$1000.

LAWYER ENDS LIFE IN LONELY LOG HUT

PORTLAND Ore. Oct 14—A body believed to be that of Henry N. Platt, a lawyer of 503 Dilcott square, Buffalo, N. Y., was found yesterday in a log hut at the head of Tenth street in this city. There was a bullet hole in the man's temple and a revolver with one chamber empty, showed how he came to his death.

At a local hotel there was found a letter postmarked Girard, Pa. and another signed "Send word to T. J. Thatcher, Forest Grove was found in one of the man's pockets.

HANDS CRACKED AND PEELED

Tried Many Remedies but Grew Worse
—Impossible to Do Housework
—Cured by Cuticura Soap and Ointment.

"About six years ago my hands began to crack and peel. I tried many remedies but they grew worse all the time. At last they became so sore that it was impossible for me to do my housework. If I put my hands in water I was in agony, if I tried to cook the heat caused intense pain. I consulted a doctor, but without the least satisfaction. After about a year of this suffering I got my first relief when I tried Cuticura Soap and Cuticura Ointment. After using them for a week I found to my great delight that my hands were beginning to feel much better. The deep cracks began to heal up and stop running and in a little while my hands were cured by using only one cake of Cuticura Soap and one box of Cuticura Ointment. I am very thankful to say that I have had no return of the skin disease since. I shall be glad if you will publish this so that others may know of Cuticura. My Minnie Drew 23 Danforth St., Jamaica Plain, Mass., April 20, 1910.

For thirty years Cuticura Soap and Cuticura Ointment have afforded speedy relief to tens of thousands of skin tortured and disfigured sufferers from eczema, rashes, itching irritations and chafings, from infancy to age bringing comfort and peace to distracted households when all else failed.

CHARGE FRAUD TO BIG \$10,000,000 COMPANY

Authorities Arrest Manager Brook for Illegal Use of Mails.

REDEEMABLE INVESTMENT CONCERN IN TROUBLE

Alleged Endorsement of Ballinger Used by Pastor-Broker.

EASTON, Oct. 14.—Federal authorities visited the office of the Redeemable Investment Company at 85 Devonshire street yesterday and came away with Manager Charles H. Brook, the books of the company and several thousand dollars in cash, all taken under a warrant charging the company with the use of the mails in a scheme to defraud. Officers are hunting for Rev. Norman Bliss, president of the company, who has the alleged endorsement as an individual of Secretary of the Interior Ballinger, the late Associate Justice Brewer of the United States Supreme Court, Senator Curtis of Kansas, and several local congregational ministers. Rev. Bliss was for seven years president of Washburn College at Topeka, Kan.

The Redeemable Investment Company was organized three years ago as a holding company, with a capital of \$10,000,000. Circulars found in the office say that the company promotes only those properties of which it is the owner or of which it has control and that the stock is not listed, as the company's redemption fund furnished a market for the stock on demand at a price not less than the price paid the company, with at least 5 per cent interest for the time it has been issued.

The circulars also say that the company controls the Santa Domingo Mining Company, which is said to own 85 per cent of the mines of Jalisco, San Domingo, and a ranch of 70,000 acres in the same country; the Norman Bliss Lumber Company, which claims to own 35,000,000 feet of timber in British Columbia; the Boston and Canada Wheat Land Company, having 20,000 acres of land in Canada, and the Okanagan Development Company of Washington.

COLLEGE GRADUATE.

John P. Feeney, counsel for the company, said last night that the officers welcomed the fullest investigation. Rev. Mr. Bliss, president of the company, is a graduate of Williams College and the Yale Divinity school. He has held pastorates at Detroit, Lincoln, Neb.; Medina, O.; Cincinnati and Barrington, R.

The literature of the company contains the following alleged copy of a letter from Secretary Ballinger: "I have known Mr. Norman Bliss for many years and he is a man of high character and integrity. He possesses a high degree of energy and ability in anything he undertakes. He is worthy of confidence and respect and has a certain influence in the West in the investigation of timber lands. I am sure he would not knowingly present any matter untrue, fully or unfairly in business connection." "RICHARD A. BALLINGER, Secretary of the Interior."

LEADER IS FREED; PICKPOCKETS LEAVE

MUSKOGEE, Okla., Oct. 14.—Thirty pickpockets operating at the fair grounds were freed to leave town if their leader, Frank Reinhardt of St. Louis, who was arrested, were released by the police. The proposition was agreed to and the chief of police and the mayor stood on the station platform and watched the men buy tickets and board a train for Springfield, Mo. Many persons had complained of losing valuables at the fair.

ARMY DESERTIONS DECREASE.

WASHINGTON, Oct. 14.—During the fiscal year just ended there was a decrease of 23 per cent in the number of army desertions from the previous year, according to the report of Judge-Advocate-General Davis, made public by the war department today.

HOW THEY DO IT

Secrets of the Tailoring Business Explained by the Around-the-World Tailors.

Many there are who look upon an announcement of any radical reduction in the price of high grade made-to-measure clothing with a good deal of doubt. The Around-the-World Tailors are open and above criticism in their sensational announcement in furnishing a regular \$30 value in a man's suit for \$25.00, thereby saving the customer \$15.00, inasmuch as their arguments are logical and their explanations reasonable. The ordinary retail tailoring establishments are like any small consumer, handicapped by exorbitant charges for woolens—being forced to buy from wholesalers or jobbers, who naturally extract from him a certain profit. He is in no position to go to the mills or manufacturer direct because he cannot afford to tie up his money (if he has it) in the amount of woolsens, trimmings, etc., he would be compelled to buy. Then, again, with the ordinary retailer's comparatively small output, should he buy in quantities from the mills, he would be handicapped in having so much cloth of the same pattern for which he would have no outlet. So his methods of doing business naturally attract him to the wholesaler or jobber, where he can buy one cutting or more from various patterns and pay an added cost. On the other hand, the Around-the-World Tailors, with stores in every important city in the world—owning their own mills—are in a position to eliminate 50 per cent of the cost that the little one-store retailer must pay and deduct the amount saved from the usual retail price. Their output through their numerous branches must be enormous and with one firm controlling both the manufacturing of the cloth and making it up into suits—interested alike in both the manufacturing and selling end (retailing in upstairs saloons)—they can readily see that expense is reduced to the minimum. There are absolutely no middlemen's profits and the benefit accrues to the customer in a substantial reduction for a standard priced article.

\$47,920,848 NEEDED TO CONTINUE CANAL WORK

WASHINGTON, Oct. 14.—It is estimated that \$47,920,848 will be required to continue the construction of the Panama Canal during the fiscal year, beginning July 1 next.

The total estimates are slightly less than those submitted for the current fiscal year and are about \$10,000,000 in excess of the appropriation for that period. The total appropriations on account of the canal to date are \$248,002,865.

BUILDING MAMMOTH AIRSHIP.

GRAES VALLEY, Oct. 14.—Lynan Glinne, aided by his three brothers and his father, is building an airship which, if successful, will carry more than a ton of weight. The only part of the machinery which has not arrived in the device is the propeller, and upon the arrival of that shipment the work of assembling will be quickly completed.

TWO PLUNGE TO DEATH IN SHAFT AT JACKSON

JACKSON, Oct. 14.—A fatal accident occurred in the South Eureka mine Wednesday night and two miners were instantly killed. Five men were coming out on the skip, three in the bottom and two on top, the latter standing on the sides of the skip and holding to the ropes. These were Earl Livestock and Vaso Vuskovich. They were being hoisted at the usual speed when at a point about 200 feet from the surface the skip suddenly struck a projecting piece of track, which threw the two men on top into the shaft.

A relief party was sent down the shaft for the missing men, and both were found in the slump at the 2700-foot level. While each could be hoisted, both were badly mangled and bruised, and death must have been instantaneous. Each left a wife and one child.

We Stand Between You and High Prices

When in quest of something new, original, exclusive and different in the line of tailoring, discriminating men need no pilot to direct them to this shop. Every garment we turn out is convincing testimony of our ability to deliver unusual clothes satisfaction.

We regard as worthy of congratulation, the fact that the largest percentage of our patronage has been won by the distinctive fashion element so conspicuously featured in the CLOTHES produced by this shop. Men frequently come to us with this remark: "You made a suit of clothes for a friend of mine and I want to see what you can do for me. I've patronized one tailor for years and have paid high prices, but if you can fit and please me as well as you did my friend, you are welcome to my trade." We acknowledge the debt we owe to our customers for this kind of advertising, and strive to pay it by persistent efforts to improve our service.

The Strongest \$25 Suit Proposition in America

Naturally, we like to concentrate attention on our strongest point — the SUITS we offer at \$25.00. We have canvassed the question from one end of the country to the other and are well aware that the SUITS AND OVERCOATS we turn out at this price would sell readily anywhere at \$35.00 — in fact, you can't find better TAILORING at any price — but our absolute disregard of "long profit" temptations has proven too successful a policy for us to contemplate any change.
